Subject: Call for Applications – Stage international 2026

Madam President of the Bar,
Mr. President of the Bar,

It is our great pleasure to inform you about the opening of applications for the 2026 edition of the "Stage international", a prestigious training initiative for lawyers.

This programme, dear to the Paris Bar which has been a major success for 35 years, will take place in Paris from October 5th to November 27th, 2026. This training course is designed for French-speaking young foreign lawyers, eager to discover the specificities of French and European law.

During this two-month immersive training course, the selected lawyers receive instruction at the Paris Bar School (EFB) on our ethics, our legal system and our judicial procedures, given by high quality practitioners and professors. This theoretical training is complemented by practical placement within Paris law firms, enabling participants to gain direct exposure to French legal practice.

Beyond the academic and professional experience, the "Stage International" offers a unique opportunity to build strong professional and personal connections, encouraging exchanges of legal practice and fostering a lasting international network among young lawyers from diverse backgrounds.

The course is free of charge and fully funded by the Paris Bar. However, it is the participant's responsibility to ensure that his or her travel and stay in Paris are fully covered.

We would be most grateful if you could kindly share this information among the members of your Bar. We would be delighted to consider applications from lawyers from who meet the eligibility criteria, namely being under 40 years old and having an excellent knowledge of French.

The International Affairs Department remains at your disposal should you require any further information: stageinternational@avocatparis.org

Please accept, Madam President, Mr. President, the assurances of our highest consideration.
